

DOC-U-LOC:

Designed To Solve All Your Document Recycling Requirements

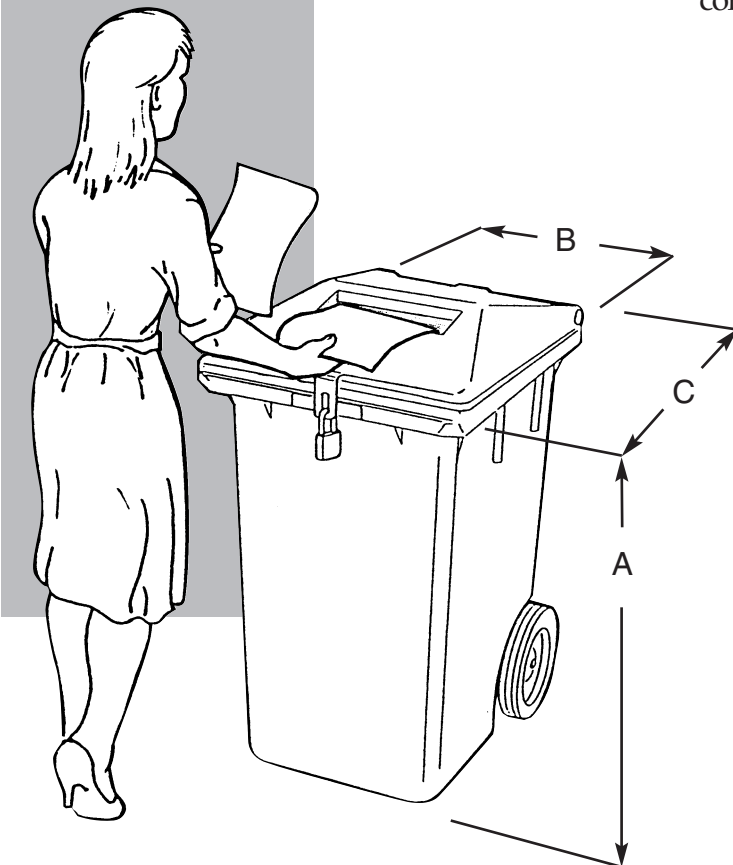

All documents are not created equal. Many of your recyclable documents contain proprietary information requiring different storage and handling procedures.

Now with DOC-U-LOC you can recycle all of your sensitive documents efficiently and securely. The DOC-U-LOC system provides a quality solution to upgrade the appearance and integrity of your existing recycling program.

Customized to your Recycling Specifications

- **Security** with a locking lid engineered for tamper-proof and easy document deposit.
- **Graphics** to customize containers with your company identity. Available in a variety of colors to compliment your office decor.
- **Flexibility** to upgrade your barrels with DOC-U-LOC lids, or to purchase, or lease a complete security container.
- **Confidence** of knowing your proprietary information is protected. All DOC-U-LOC products are backed by our commitment to excellence.
